## **No Sale of the Plaza Car Park**

The Expression of Interest (Eoi) process for the sale of the Plaza Car Park has concluded after the Department of Primary Industries and Woolworths could not come to terms.

“Woolworths advised the Department that it has withdrawn from negotiations for the sale of the site,” said Alison Stone, Deputy Director General, Land and Natural Resources.

“Therefore, the Eoi has concluded without a sale of the land.

“The Eoi process was undertaken in line with strict procedures and the Department said all along that a conclusion by sale was not a guaranteed outcome.

“Council remains reserve trust manager for the Short Street Reserve which includes the car park.

“The Department will continue to consult council, FLAG, and the Chamber of Commerce on the implementation of the Plan of Management.”
