

BERMAGUI

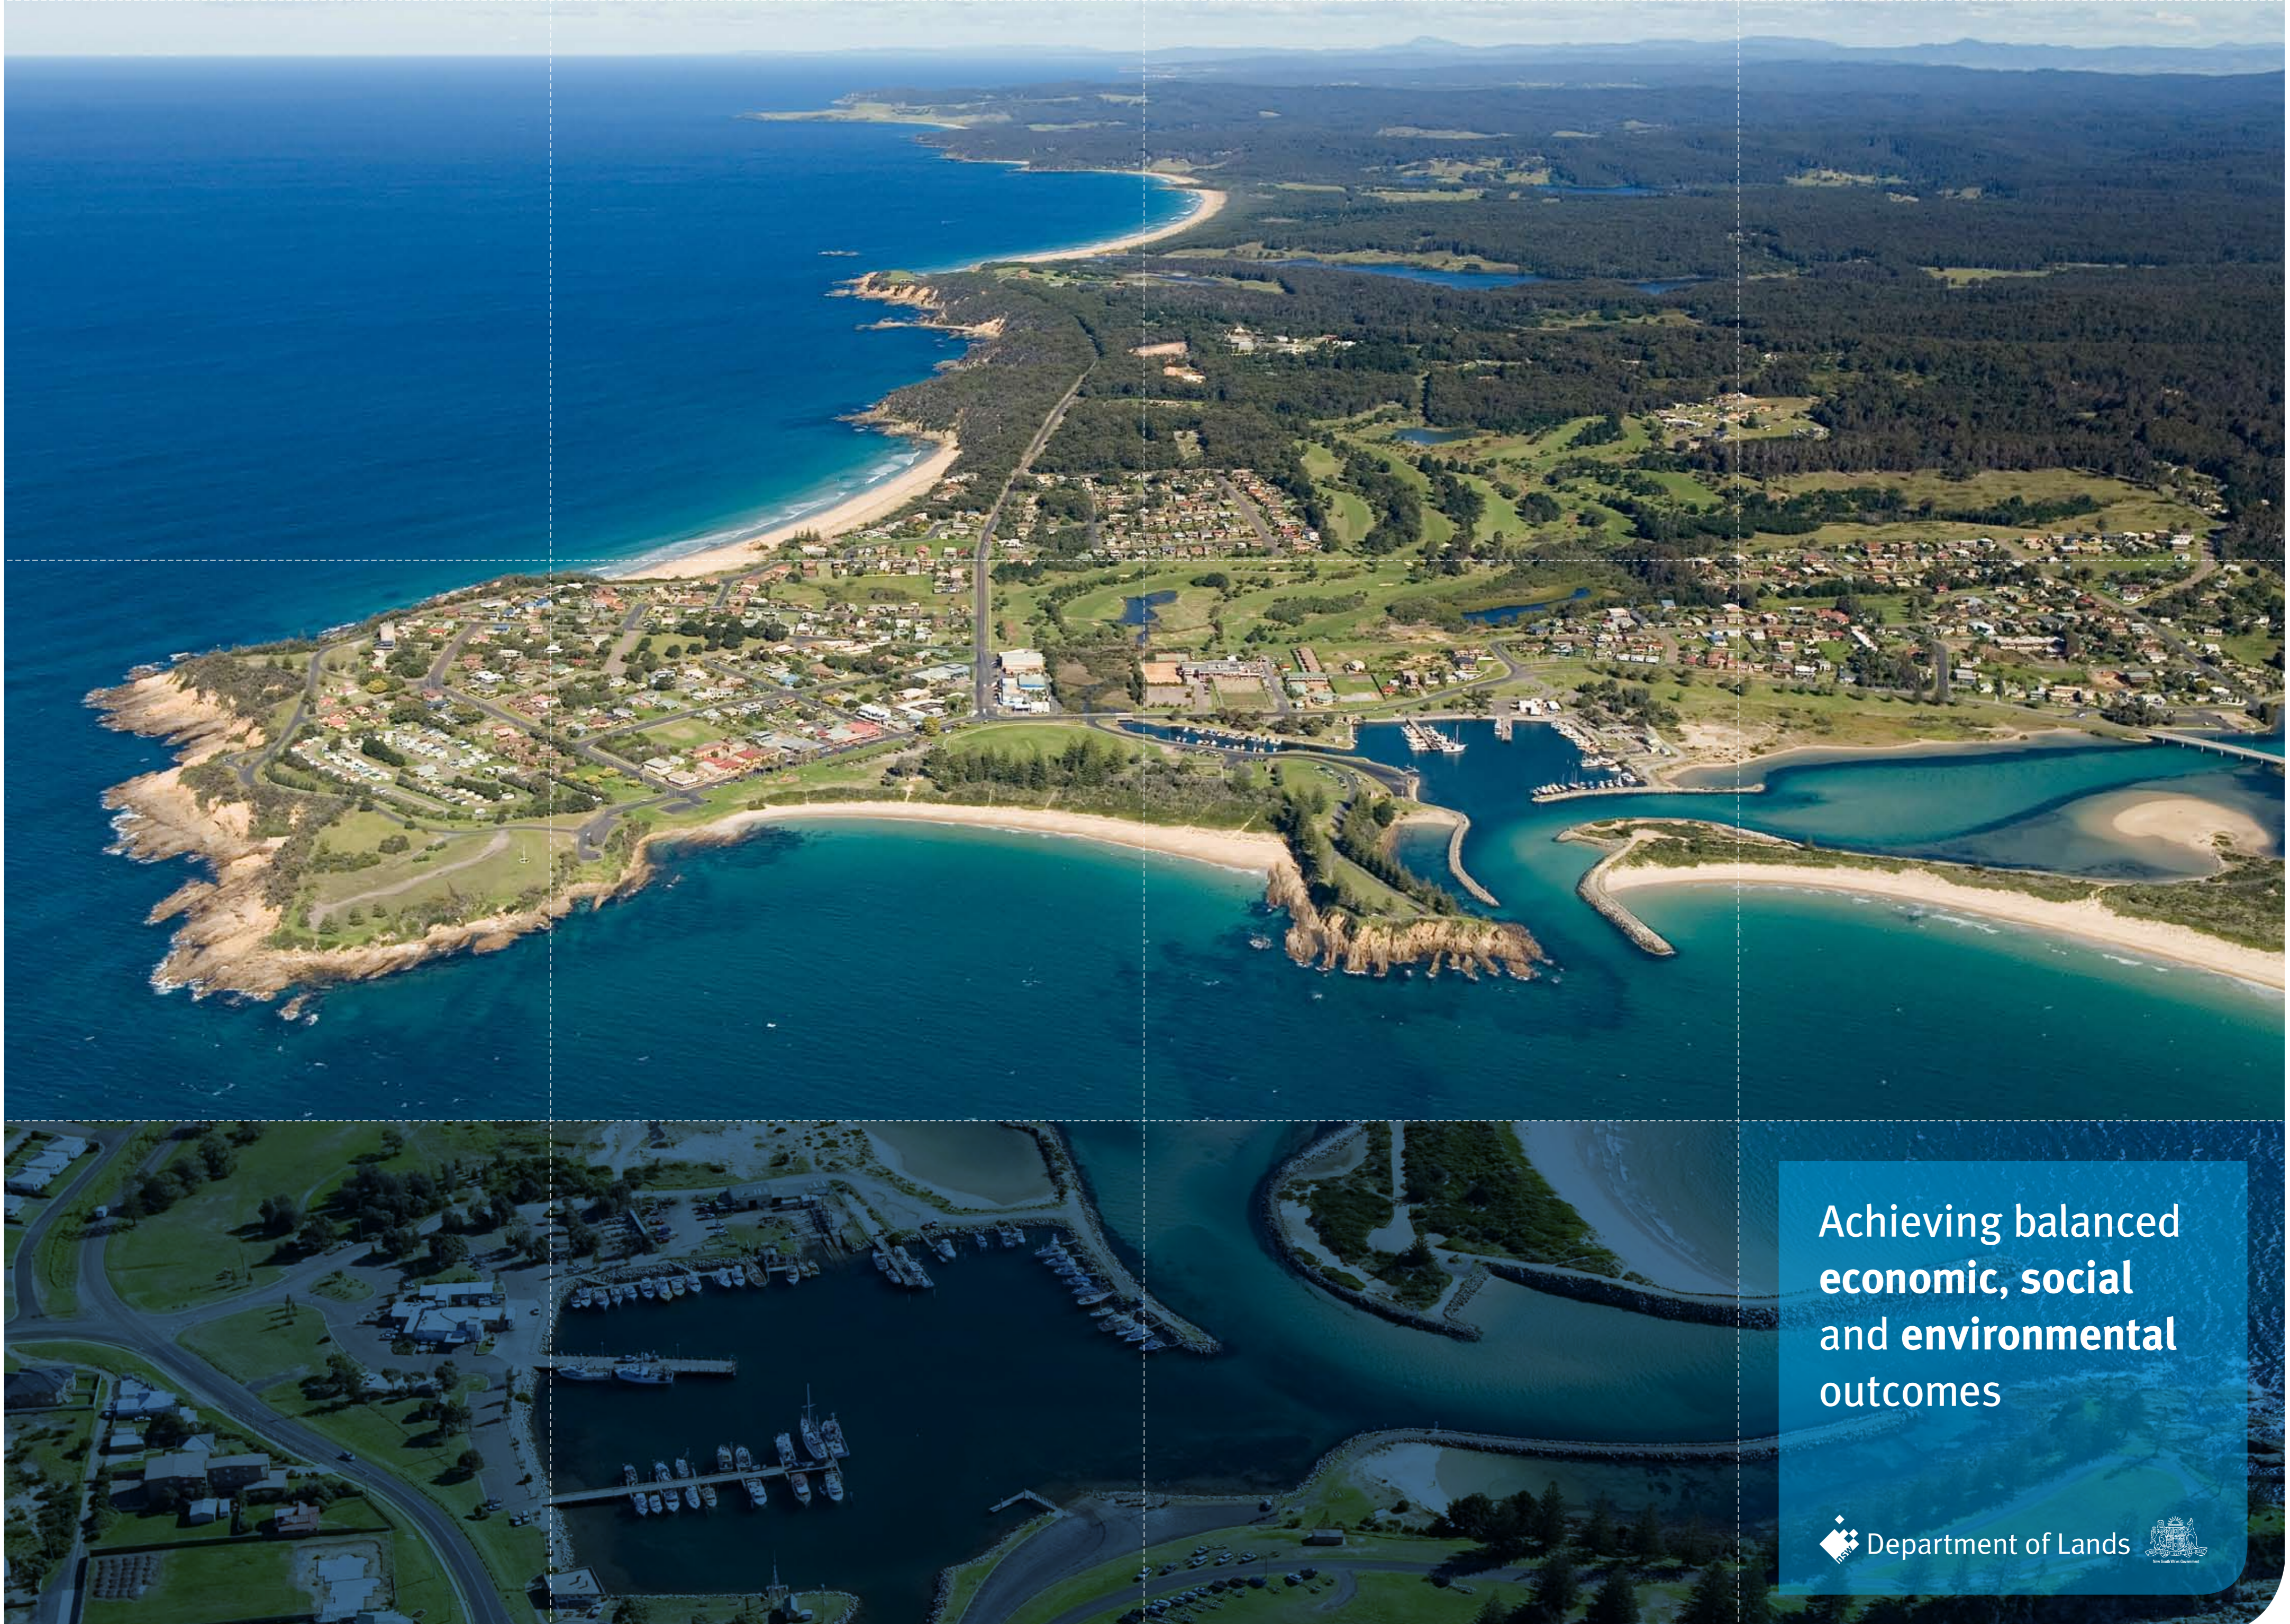

HARBOUR REDEVELOPMENT AND ENHANCEMENT

- A future opportunity exists for the redevelopment and enhancement of Bermagui Harbour.
- The existing harbour precinct is ageing and is not meeting the demands of the local fishing industry, tourism industry or community needs for recreation.
- Lands is working with Bega Valley Shire Council, the Bermagui Fisherman's

- Cooperative and local business to look at ways of enhancing and improving the infrastructure to meet increasing demands for more modern facilities.
- Improvements planned include a public access walkway along the foreshore, more modern fish processing facilities, retail areas, office space and the potential for a museum.

- There are also plans to provide for a number of new boat sheds and a ships chandlery.
- Lands will undertake strategic planning shortly including consultation with local industry and the community on the future of this important regional coastal centre.

Achieving balanced economic, social and environmental outcomes
