Paddington Bowling Club

CSKS Holdings Pty Ltd will retain the lease of the Paddington Bowling Club site.

The issues that were set out in the show cause notice sent to CSKS by the Department of Primary Industries have been addressed.

The Paddington Bowling Club Ltd went into liquidation and has now vacated the site.

There are currently no bowling activities on the reserve.

The site will be monitored against the lease conditions by the Department of Primary Industries.

CSKS has been asked to clarify its future intentions for the premises.

Any repetition of actions that led to community complaints will not be tolerated and will lead to a further review of the lease.

The Department has advised CSKS it would not revisit the Minister's decision to withdraw landowner's consent for a development application for a childcare centre on the land.

The Department plans to meet with Woollahra Council.
