Subject: Submission - Commons

My name is Campbell John Ker of [deleted].

I support strongly the continued retention of the St Albans Common, and all Commons, under the Commonwealth Management Act 1989, and the submissions of our Commoners and their Trustees. I have been told, and I accept, that I will be identified in the summary of submissions list.

The continuation of the St Albans Common Trust with a Roll of Commoners and an elected Board of Trustees provides enormous benefits to the local Community and visitors.

So soon after the rejection of the Government's 2016 proposal, this new proposal seems very much like a manoeuvre to achieve acquisition by deceit. How long then will it be before the Common is designated "multiple use" and lost to the community and the citizens forever (just as happened through the US Government's National Parks Service).

This is important to my family and me; and to our friends.

Your faithfully

Campbell Ker
