Subject: St. Albans Common

Hello,

My name is Yvonne Fessler and I reside at [deleted]. Although I am not in the vicinity of St. Albans Common I was brought up in Sydney and still have a great interest in what happens in NSW.

I unreservedly support the continued existence of this Common under the Commons Management Act as detailed in the Submission of the Trustees to the Department of Industry - Lands in relation to the NSW Government's updated proposal for Commons. I am aware that I will be identified in the summary of submissions list.

I strongly support for the suggestion of the Trustees of the St Albans Common Trust that the Commons Management Act be retained, with a limited application to "eligible" Commons as listed in a new Schedule. An "eligible Common" would be a functioning Common in good standing under the Commons Management Act whose management and operations are carried on in a manner consistent with purposes as specified. Relevant purposes would embrace those suggested by the Department of Industry - Lands i.e. a common, community use and protection of cultural, heritage and environmental values.

Thank you for taking my comments into serious consideration. There are too many green spaces being lost all over the country and what a great shame to lose this one too!!

Kind regards,
Yvonne Fessler
